

Phoenix ADAS Mobile Basic Package (A)

Built for Precision

The Phoenix ADAS Mobile is a foldable calibration frame for passive and active ADAS systems in cars. Now technicians can set up the Phoenix ADAS Mobile in less than 30 minutes and do the job from anywhere. Compatible with any of TOPDON's Phoenix Scanners, this device gives professionals the capability to do meaningful work on the most modern cars.

Features

• Totally Mobile

The Phoenix ADAS Mobile features a collapsible design for convenience, easy storage, and unmatched portability. With foldable arms and folding base legs you can easily put away this fully collapsible tool.

• Quick Set-Up

With this tool, professionals can calibrate ADAS systems from an auto shop, a parking lot, or even at a client's driveway. Its unmatched portability and convenience makes your business more productive and profitable.

• Unmatched Precision

A high-precision 5-lasers device will assist you to position the ADAS calibration tool with exactness. Featuring a multifunctional base with 360-degree swivel wheels, it allows you to adjust the height and make adaptations to calibrate when working on uneven ground.

Specs

The Phoenix ADAS Mobile comes safely packaged in a Wooden Case (3.8*3.6*2.0 ft; 308lb). Large targets are shipped separately in Carton Packaging (4.5 ft*0.3 in*3.3 ft; 39lb).
